About This Game

Every kid in your neighborhood has gone nuts. Only you can restore order by DESTROYING YOUR NEIGHBORS WITH SNOWBALLS. They'll thank you for it later. Really, they challenged you. It's not YOUR fault this is happening. And they'd have to be crazy to challenge YOU of all people. You're the best!

But be careful, your neighbors are clearly cheaters, have special abilities, and love to gang up on you... because you're the best.

This will be a snowball fight of EPIC proportions. But you can build, like, the biggest snowballs ever... and make little snowmen. You'll be fine! Just don't get too cold. Your mom will make you come inside if you get too cold. Ugh... she's terrible.

Time to play Epic Snowday Adventure: the most family friendly "first person shooter" you'll ever play.

English

epic snow day adventure

All around good fun! and a good workout! Scooping snowballs off the ground, dodging incoming snowballs. Gets your heartrate up! Make sure your area is clear because you will find yourself getting into it and moving around quite a bit. Cute concept.. A super-cute family friendly VR game! It's got lots of great accessibility features for younger players, like an intuitive aim by gaze system for simplifying throwing mechanics, simple menu systems and a welcoming, fun atmosphere.. Loved it.

If you're looking for a fun, family-friendly VR game, look no further. Epic Snowday Adventure is a challenging and easy-going game where the goal is to defeat the neighborhood kids in a snowball fight. It's an adventure\strategy game- the further you get, the more tools and tricks you learn to ultimately be crowned the winner-- and did I say it's challenging? It took me four attempts to defeat the third wave of opponents.

It has a fun story, detailed artwork and unique VR game mechanics that I've never seen before. Highly recommend for all ages.
